

# Definition of Done (DoD)

How do you know something is “done” and you can start the next item?

DoD is a **POWERFUL** tool to increasing agility. Grow this to get closer to continuous delivery!

## Level Up Games DoD

- ✓ Code complete
- ✓ Unit, Integration, Acceptance tests automated and passing
- ✓ Acceptance criteria met
- ✓ Non-functional requirements met
- ✓ User docs updated
- ✓ Demo-d to at least one stakeholder

# Building a Definition of Done

## Activity

### INSTRUCTIONS

As a team, craft a definition of done for the work you will complete this week.

### DELIVERABLES

A visible working definition of done that builds upon Level Up Games DoD

Note: Only consider the work items your team will complete this week
