

Definition of Done (DoD)

How do you know something is “done” and you can start the next item?

DoD is a **POWERFUL** tool to increasing agility. Grow this to get closer to continuous delivery!

Level Up Games DoD

- ✓ Code complete
- ✓ Unit, Integration, Acceptance tests automated and passing
- ✓ Acceptance criteria met
- ✓ User docs updated
- ✓ Demo-d to at least one stakeholder

Building a Definition of Done

Activity

GOAL

Craft a definition of done for the work items your team will complete this week. What are the things that must be true before we can call it done.
