#arjancodes #softwaredesign #solidprinciples

Uncle Bob's SOLID principles made easy 🍀 - in Python!

<https://www.youtube.com/watch?v=pTB30aXS77U>

The one you'll hear the most in this workshop...

How do I make my software last through changing requirements...usage patterns...and technology?

S Single responsibility principle

A class (or method) should have only a single responsibility; have one and only one reason to change
